

HANGLETON PRIMARY SCHOOL: OUR YOUNG INTERPRETERS

We are proud to have launched our Young Interpreters group here at Hangleton Primary which is aimed at celebrating and raising the profile of the diverse range of languages spoken in our school. These children have been 'buddied' with a younger child in the school who either speaks the same additional language or who would benefit from the friendship and kindness of an older peer. We are determined to ensure that everyone at our school feels that they have a voice, feels seen and can express themselves without fear of prejudice.
