

Year 3 Homework - Summer 1

Spellings

Below is a list of spelling your child will be tested on this term. Each Friday, they will bring home a list of words to practise spelling – your child can choose the 6 words they find difficult from this list. They will be tested in school at the end of the following week.

These are the strategies that we encourage children to use when learning spelling...

Spelling Strategies:

Challenge!

If your child feels confident with the weekly spellings, please encourage him/her to place the words into sentences or to find new words to practise from a dictionary.

Times tables: emphasis on rapid recall and corresponding division facts.

In Year 3 we recap the multiplication facts for the 2, 5, 10, and learn 3, 4 and 8 times tables. We test the children at the beginning of the week and again at the end, where we hope to see an improvement in their scores. See below for dates and the tables for you to focus on each week.

22/4: x2, x5, x10

29/4: x3

7/5: x 3

13/5: x 4

20/5: x 4

Practising will allow your child to have an instant recall of the facts and free up their memory for more challenging maths tasks.
