

Maths

Maths will be split into three units this half term. We will start with understanding length and height using cubes and CM. We will then look at capacity and mass, using scales to read. We will finish with a start into multiplication and division.

PE

For our PE this have term we will be using developing our balance, movement and transitions using dance. The children will plan and sequence a routine to perform to music.

Phonics

We will continue to grow the code following the Little Wandle phonics scheme, exploring new spellings for all the sounds the children have seen in phase 2-4.

Writing

Our writing will begin with letter writing, developing links to our topic of local geography. We will learn the key features of a letter and create our own. We will then look at recounts to tell information about events that have happened including adding our own thoughts. We will finish by linking our geography again by creating information texts about local features around Hangleton.

Science

In our science lessons this half term the children will learn about various body parts and the senses that relate to each of these body parts. We will also complete a weekly weather diary to record the weather during this time of year, developing our observation and recording skills

Summer 1

From there to here. From here to there!

Geography

In the geography sessions this half term the children will develop their mapping skills. Looking first at locating the UK on a world and European map as well as the 4 countries that make the UK. They will then look at creating their own maps based on the school, adding human and physical features linking in their previous knowledge from the year.

RE

The children will continue to develop their knowledge of Christianity by exploring the various parts of the church.

History

Through our history lessons we will look at the changes to Hangleton over the past 100 years. We will understand what buildings were of importance in the past and how the area has changed to how it appears today.

Art

The children will begin by looking at artists who have created self-portraits, sharing their thoughts and feelings on these before developing their shading skills building up to create their own self portrait using mixed media.

PHSE

The children will take part in a series of lessons called Feeling Good Feeling Safe which is all about promoting emotional health and well-being of everyone in our school.
