

Maths

This term we will be continuing to practise and apply the the 4 operations—add, subtract, multiply and divide. We will also be looking at time, shape and statistics.

Geography

We will be looking at how mountains, rivers and volcanoes are formed. In addition to this we will investigate different biomes and why earthquakes oc-

Science & D&T

In Science we will be learning about electricity and how to build a simple circuit. We will then use this knowledge to design and build a steady hand game in Design and Technology.

Planet Power

Why is our planet powerful?

Guided Reading

We will be reading "Greta's Story," which tells the story of Greta Thunberg and her fight to save the planet.

PE and Swimming

To develop skills required to play a game of cricket.

To improve our swimming techniques and speed.

PSHE

To use calming strategies effectively and prepare children to transition to Year 5.

This half term we will be focusing on the Jigsaw unit "Changing Me."

English

To begin the term, we will be using "Hilda and the Bird Parade" as a stimulus for writing stories.

We will then be producing non-chronological reports about the make up of our planet and what we can do to protect it.

Music

This term the children will be learning to write songs and compose music.

French

In French the children will be learning how to order food and drink in a restaurant.

Religious Education

To learn about the religion of Islam and what it means to be a Muslim.
